Online safety support for parents and carers:

Hwb provides free up to date support, guidance and information to families about the most popular social media and gaming apps children and young people are using today. The Welsh Government site includes overviews, age ratings and highlights the risks each app poses to young people and gives detailed instructions on how to enable parental controls and safety settings.

Eisteddfod 2025

Our whole school Eisteddfod was a tremendous success this morning. Thank you for the huge effort made in dressing up in national costume and the wonderful eisteddfod photographic, craft and poem entries. These will be displayed around our school with pride. Pupils singing in our Welsh language was also excellent, please follow us on X to share the experience.

Social Media & Gaming

Pupils accessing online gaming or social media at home must be supervised by an adult at all times when doing so. Please refrain from contacting the school in relation to any out of school matter relating to this. We are currently seeing an increase in communication with teachers relating to out of school issues, this is impacting on teacher time and workload. It is parental responsibility to ensure that there is appropriate and safe access to all communication networks for their child. Lack of parental supervision will be referred to children's services.

Parent/Teacher Consultation

Parents/carers will be invited to consult with teachers on pupil progress week beginning March 24th. Appointments will be arranged on the school door week beginning March 17th. Please make every effort to attend.

Thank you for your continued support,

Mrs Phillips.
